

Directions for Auditory Bombardment (Using The Word List)

Turn to the 'Word List' located on page ivB. Read the yellow highlighted words aloud to the child while the child listens attentively. This task can also be done while the child is engaged in quiet play.

Directions for "I'm Aware" Game (Auditory Discrimination)

During this game the client puts the sun stickers on the flip book (not on the sun chart) after the SLP says the target word(s).

Step 1: Give the child the sheet of sun stickers. Provide the child with the following directions:

"We are going to play a game. I am going to show you a page with two pictures on it. I am going to say the name of one of the pictures. After I say the name of the picture, you put a sun sticker on the picture that I say. Are you ready?"

Step 2: Flip to the first stimulus item and say:

"Put a sun on (target picture)" (name one picture on the page)

If the child identifies the **correct** word, say:

"Great job! We're going to do some more like that."

If the child identifies the **incorrect** word, say:

"I said (target picture)" (point to the target picture).

"Do you hear the difference? (target picture), (minimal pair picture)" (allow time for child to respond, then repeat the words while emphasizing the target word).

"Put your sun on (target picture)" (point to the target picture while saying it).

Step 3: Continue step 2 with all pictures. Continue cueing the child as needed to place the sun on the target picture.
